DWM1001-DEV
DWM1001 Development Board

DWM1001 Module

GPIO header

Current measurement header

Battery connections

Battery Charger (1)

USB

Reset

Bluetooth Wake Up

Module IO header (Raspberry PI compatible)

LEDs

J-Link On-Board

Qorvo
Model : DWM1001C
FCC ID : 2AG53-DWM1001
IC : 23764-DWM1001
Serial number #
YYWWSSSSSS

(1) Battery Charger not mounted on boards shipped after November 2021
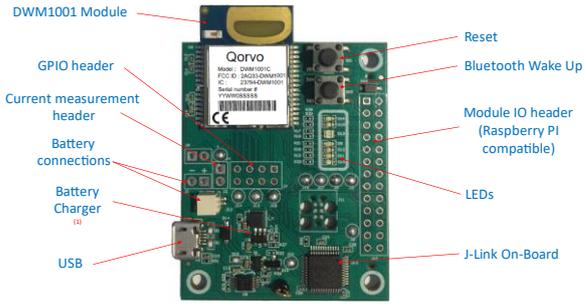

Get started with the DWM1001-DEV datasheet & the DWM1001 Firmware User Guide, available at https://www.decawave.com/products

1 x DWM1001 module development board
1 x USB cable
1 x Battery connector
